Psychology Department

January 28, 2016

This memorandum is in recognition of Jason Jarvis, register number 35172-060, in his achievement of successfully completing the OVERCOMERS MENTOR TRAINING PROGRAM that was held in the Federal Correctional Institution, Hazelton, WV.

The OVERCOMERS MENTOR TRAINING PROGRAM is a faith based, inmate led, and Psychology supported program that is a grass-roots effort to promote more positive thinking and behaviors in the lives of the participants that will transition into the inmate population. This program is designed to allow men who have demonstrated positive change in their lives to gain knowledge and skill to help build those positive character traits in others. The aim of this program is to reduce gang related activity and incidents, improve inmate morale, encourage programming, growth, and change, reduce recidivism, and break family cycles of incarceration, gang involvement, and crime.

All participants in the OVERCOMERS MENTOR TRAINING PROGRAM are screened by Psychology staff before entry. Although the program is volunteer based, only those individuals who have demonstrated a marked degree of rehabilitation and have a sincere desire to assist in the changing of lives will be accepted. The participants of this program have put forth a notable effort to support change that separates them from all others. Jason Jarvis is personally recognized for not only the successful completion of this program, but also for his willingness to be an asset and to stand for the change this program represents.

A handwritten signature in cursive script, appearing to read "A. McCabe", is written over a horizontal line.
